

## PIC16LF1947 Plug In Module (PIM)

Part Number: MA160015

The PIC16LF1947 Plug-in Module (PIM) is an accessory to the PIC18 Explorer Board, PICDEM LCD2 Demonstration Board, & XLP 8-bit Evaluation Platform that allows users to evaluate and develop with the low power XLP PIC16LF193x/194x family of microcontrollers. Additionally, this provides a platform for general purpose development and gives you the ability to develop code for any PIC12LF1xxx/PIC16LF1xxx microcontroller
